

CHAMPAGNES AND SPARKLING WINES

Most of our sparkling wines from Argentina are made in the Champagne method. There is a real buzz about Argentina in the wine business at present, not least because of the excitement surrounding the quality of these wines.

CORTE G

Please note that our glass size is 175ml, pot size is 500ml and bottle size 750ml unless stated.

These wines are a series of collaborative blends with some of Argentina's great wine names, and Phil Crozier, Director of Wine for Gaucho. They are unique, and represent the philosophy of the wine-makers, terroir and the cultural heritage of Argentina. Corte means 'cut' in Spanish, and refers to a specific 'one-off' blend.

TORRONTÉS

WHITE WINES

Thought to originate from Galicia in Spain, this unique grape variety achieves its true potential in the Northern province of Salta, home to the highest vineyards in the world. The locals in Cafayate, the centre of wine production in this province, are so proud of this grape that they make ice cream from it. And it is delicious. You may find some tartrates in these wines (crystals) as some are Bio-Dynamic and are not subject to cold stabilisation. This is a sign of quality – after all, wine is a natural product.

CHARDONNAY

Chardonnay likes a cool climate, and so is well suited to the higher regions of Mendoza. The beauty of the fruit, particularly from Tupungato in the Uco Valley, is preserved by the wonderful acidity and mineral rich soils. The use of oak in these wines is very restrained, allowing the purity of the fruit to shine through.

Brought over to Mendoza from Bordeaux by Amee Puget, the famous Bordeaux oenologist in 1850, it was clear that this grape was destined for greatness in Argentina. Malbec (known as 'cot' in France) is the Jewel in Argentina's crown. Below are some of the finest Malbecs in the world which, when combined with the beef, offer an unbeatable food/wine combination. Malbec is also beautiful with chocolate.

Our Wine Boutique, Cavas de Gaucho on Swallow St, Piccadilly offers more than 160 wines reflecting the regional diversity covering an area of 2000 km, from Salta in the North through to Patagonia in the South. As day turns into night, the boutique is available for 'specialist' wine dinners and events.

We offer a completely bespoke Argentine wine and food experience, be it a tutored educational journey through the wines of Argentina to a special tailored event or celebration. Our Sommeliers will host the night to advise and educate throughout your evening.
